Analyst Review - GlobalView®

“ADP has established itself as a very serious provider within the global Human Resources Outsourcing market. With ADP's service model and SAP's platform ... they have the vision, resources, services and software infrastructure to deliver managed HR services on a global scale.”

*Phil Fersht, Global Research Vice-President,
NelsonHall 2006*

“In the large employer space ..., ADP's GlobalView (SAP) seems to be taking the market by storm ...”

SystematicHR 2006

“With ADP's service model and SAP's platform now optimized for BPO, GlobalView can be leveraged across multiple global customers. Both companies have the vision, resources, services and software infrastructure to deliver managed HR services on a global scale.”

Everest

“ADP running on SAP is a compelling one-to-many offering on an international footing. The SAP alliance is starting to bear fruit with its regional focus...”
